

Completing this questionnaire is optional.

If you are worried about the lessons, or if you would like to see the resources before class, just tell your teacher, speak to someone else in school or explain below.

You do not need to write your name on this sheet but it may help us to support you. If you have experienced bereavement, you will not be singled out or identified in any way during the lessons, and we will not ask you questions about your bereavement.

However, please do speak to someone if this questionnaire or the bereavement lessons make you feel concerned or worried or that you need some help.

These questionnaires will be used by your PSHE teacher to help design relevant, sensitive and informative lessons on the subject of bereavement. The questionnaires will be kept in a secure place in school until the lessons have been taught and then destroyed. Information on the questionnaire is just for your PSHE teacher, unless otherwise agreed.

Q5 Completing this questionnaire is optional and you do not have to answer this question.

Is there anything else you would like your teacher to know before the lesson? (If you would like them to know that someone close to you has died or is seriously ill, you can simply answer 'yes' and, if you would like, someone can talk to you privately before the lesson. If so, please add your name.)
