

Recently we've been learning about how we feel and how this can change when we lose something special to us. We heard about a charity called Winston's Wish who help lots of children when someone important to them has died. We have learnt about how a death can affect the way that we feel and thought through different ways of how to cope with some of these difficult emotions.

Winston's Wish has tasked our school with designing a new collection tin. One winning design will be chosen to be made into a collection tin which we will proudly display in our school to raise money for the charity. If you'd like to help us kick-start our collection, ask an adult to tape £1 to the space provided.

Please use the space overleaf, to create your design. **Please do not draw or write in the smaller box.** You're aiming to inspire people to donate money to Winston's Wish so please get creative. For ideas you might like to ask an adult to spend time with you as you visit their website: winstonswish.org.

£1 Donation to
Winston's Wish.
Thank you.

Note for Parents/Carers: Winston's Wish is a childhood bereavement charity. The charity has provided free lesson plans and resources for our students to support them in understanding the impact of grief. We would be grateful if you could consider returning this worksheet to school with a suggested donation of £1 to help them continue their work of giving hope to grieving children across the UK. Thank you.
